PRODUCT UPDATE: The New 2010 Centurion Wave

The Centurion website is the main source for new product releases, features, and option updates. The first big announcement on the website for 2010 will be the new Centurion Wave (specifications listed below). Also look to Centurion's website for information on products not shown in the catalog like the new Commercial Flight Division.

The Wave

- Length: 20'11" / 6.09m
- Beam: 90" / 2.28m
- Draft: 23" / 0.58m
- Hull: Pipeline
- Drive: D-Drive
- Weight: 2800lbs / 1279kg
- Seating: 8 Persons
- Fuel Capacity: 34 gal. / 128L
- Drink Holders: 2

www.centurionboats.com

Centurion's website is the most informative website in the towboat industry with detailed descriptions and images for all features and options available. The main highlight of the website is the new and improved boat builder. Build the Centurion of your dreams, contact your local dealer for pricing, and schedule a test drive.

Stay up to date and be a part of the Centurion community through the Flickr, Facebook, Centurion Blog, and Twitter links. We would love to see images of you living the Centurion lifestyle. Check out the new video library with tons of videos. Also coming for 2010 will be a live chat feature to help answer questions about parts, warranties, etc. . .

On the water or online, Centurion strives to be Different by Design.

CENTURION PRO-VISION DASH **NEW FOR 2010**

Form meets function! The Centurion Pro-Vision displays information in a large 6.5" graphical color format that is clear, concise, and easy to view. Convenience at your finger tips is an understatement. With five hot buttons and a squash pad, all critical system and navigation information is easily accessible. The hot buttons cue graphical control information, display additional gauge information, and reveal format options for various gauge data like simulated analog gauges and graphical depth charts. Check out the Pro-Vision Dash video on Centurion's homepage for more information.

DISCLAIMER: ARTIST RENDERING OF PRO VISION DASH. MAY NOT BE EXACT REPLICATION OF FINAL PRODUCT

DVD SYSTEM

Want to hang out on the water and watch your favorite DVDs? No problem, the Pro-Vision dash works with the optional onboard DVD system with intuitive controls. In addition, the sound is routed through the Amphitheater Stereo System for the ultimate experience.

STD CRUISE CONTROL OR ZERO OFF

Simply set your speed, Pro-Vision's standard speed control is quick! Choose your display preference, toggle between RPM or MPH modes. Optional Zero Off is the professional's choice, offering the latest in GPS speed control technology.

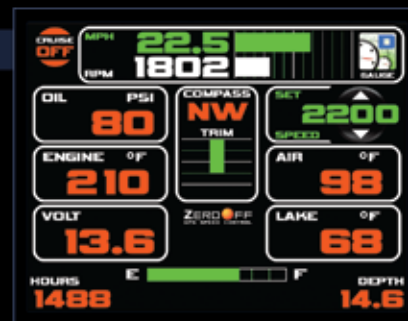

PROFILES

The Centurion Pro-Vision is easy to use. It helps you set up your boat to ski, wakeboard, or wakesurf like the pros! By simply pressing one of the HOT buttons, the Pro-Vision will show you how to set the tank levels, trim settings, and recommended speed for an incredible ride.

DIGITAL GAUGE

If your preference is viewing critical data in a DIGITAL format, the engine temperature, oil pressure, air temperature, water temperature, and battery voltage information is available in a digital format on the Digital Gauge screen.

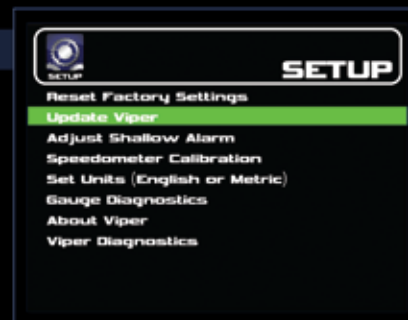

CAMERA

Plug in your camera and use the Pro Vision dash as your display. With standard RCA jacks, virtually any camera can be used for playback, either live or for later. All safety precautions should be followed when using this mode.

SETUP

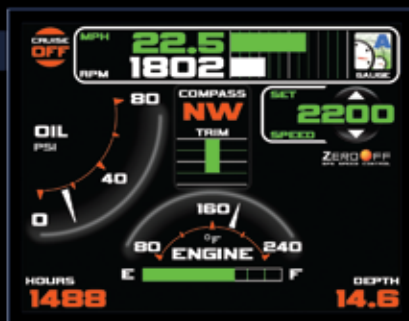

The set up area is designated to configuring the Centurion Pro-Vision system. One of the most impressive features of this system is its flexibility. Adjust the optional settings of the Pro-Vision information system to coincide with your boating lifestyle.

ANALOG GAUGE

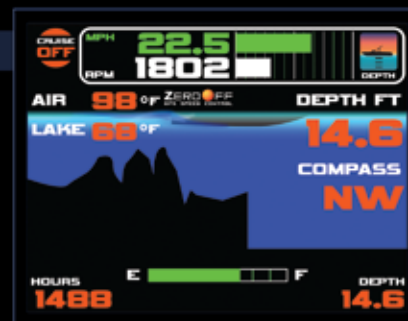

In the center of the Analog Gauge screen is a compass heading and optional trim display. The compass heading is available on all boats equipped with Zero Off® but is only displayed when the boat is moving above 3 MPH.

The Trim display is available on most boats equipped with the Bennett Trim Tab®.

DEPTH

The Centurion Pro-Vision presents simple and easy to read depth, compass heading, air and lake temperature on this screen. As soon as this screen is selected the depth gauge starts mapping the topology of the lake bottom. The image is painted from the center of the display (under the boat hull in the image) to the left, behind the boat.

CENTURION

WORLD CHAMPIONSHIP TOWBOATS

ENZO SV240

Visit WWW.CENTURIONBOATS.COM to locate the authorized dealer nearest you to schedule your test drive. Recognized as an industry leader for more than 38 years. Centurion boats are definitively Different by Design.

The Flagship - Unparalleled Excellence

Enzo SV240 dynamics

Dripping with style, the Enzo SV240 is Centurion's flagship. Designed with the deepest continuous V-hull for maximum water displacement and the smoothest ride in the industry. Choose from an abundant selection of in gel graphics, custom interior, tower selections and a multitude of possibilities that make your Enzo unique. With the ability to accommodate 16, and optional engine choices up to 409 HP, the Enzo SV240 offers what you need to entertain those enjoying the world class wakes as well as the party inside the boat.

▶ CENTURION TECHNOLOGY: INFINI-V HULL

The unparalleled wake generation of the Infini-V hull requires less ballast weight providing the ultimate waves for wake boarding and wake surfing.

Unrivalled Performance

Enzo SV230 dynamics

The Enzo SV230 is the official and exclusive towboat of the World Wakesurfing Championships. Combining sleek style, unmatched luxury, and pure performance it creates world class wakes and world class smiles. With the new tri-texture vinyl and most interior space of any boat in its class, you are living large from the moment you step on board. Perfect wakes are complimented by unmatched ergonomics and fun factor that competitors only dream about.

▶ SWIVEL WAKESURF & WAKEBOARD RACKS

Featuring chrome forks and rubber inserts to keep your boards protected, the Axis swivel mount makes loading and unloading easy. The "NO SNAP" bungee straps make recoil a thing of the past.

AVALANCHE C4

Visit WWW.CENTURIONBOATS.COM to locate the authorized dealer nearest you to schedule your test drive. Recognized as an industry leader for more than 38 years. Centurion boats are definitively Different by Design.

Different by Design

Avalanche C4 dynamics

Great styling, world class wakes, and available Switch Blade wake enhancement make the Avalanche C4 an excellent selection for water sports enthusiasts. New for 2010, there are multiple updates including the Pro-Vision Dash (optional on Avalanche). There is plenty of room for 12 and tons of storage space for gear.

Whether your thing is making waves or hanging out with friends and family, the Avalanche C4 will get it done in style.

SWITCH BLADE WAKE ENHANCEMENT

The Switch Blade is a truly unique device. It allows the operator to effortlessly and instantaneously control the size of the wake without adding ballast or weight.

A Centurion Legend

Elite V C4 dynamics

One step into the Elite V C4 and you will know why it is such a crowd pleaser. You get everything you want, and just what you need, without having to shell out big bucks for it. At low speeds you get a sweet ramp for stomping your latest wakeboard tricks. Lay into the throttle and watch the wake disappear, leaving a blank canvas for your slalom ski. The "Infini-V" hull combined with I.C.S. uni-body construction gives you the smooth ride every boater desires.

ADJUSTABLE WAKE PLATE

The wake plate allows the fine tuning of the boat's attitude in the water. The upward or downward deployment changes the shape of the wake for various water sport activities.

WORLD CHAMPIONSHIP TOWBOATS

FALCON V

Visit WWW.CENTURIONBOATS.COM to locate the authorized dealer nearest you to schedule your test drive. Recognized as an industry leader for more than 38 years. Centurion boats are definitively Different by Design.

An Industry Icon

Falcon V dynamics

In 1986, Centurion left its most memorable mark on the water sports industry with the introduction of the first V-Drive towboat. Now, more than 20 years later, an all new Falcon V is ready to reclaim its iconic status. With an aggressive hull and standard ballast to boost wakeboarders, it provides more storage capacity and the most supportive seat backs of any 10 passenger model under 21 feet. At 20' 9" in length, this wide body bad boy has finally landed, but don't feel rushed to end your flight - just enjoy the ride.

AMPHITHEATER STEREO SYSTEM

The Amphitheater Stereo System includes 2 Kicker amps, 4 Rubicon tower speakers, an iPod adapter, MP3 with USB inputs. This stereo system is a must have if you are serious about your music.

VISIT WWW.CENTURIONBOATS.COM FOR MORE IMAGES AND A FULL LISTING OF ALL AVAILABLE FEATURES AND OPTIONS

FEATURES AND OPTIONS

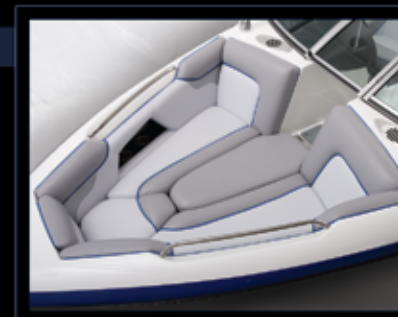

▶ SKYLON TOWER SPEAKERS

A precision two way speaker system with a double 6" woofer and double separate 1" tweeters. If music is a part of your boat outings, these speakers are a "must have" for your Centurion.

▶ PLAYPEN BOW - FILLER CUSHION

Extreme comfort. Make the entire nest of your bow your lounging headquarters. Cushions designed to float for easy retrieval if they go overboard. Remove the center filler cushion for a tradition bow seating configuration.

▶ STAINLESS STEEL DRINK HOLDERS

Stainless steel drink holders are a nice finishing touch to an already elegant interior. Another upgraded feature representing Centurion's attention to quality. Our boats are definitively "Different by Design". Standard on all models.

▶ COMFORT GRIP HANDRAIL

Not your traditional round handrail. Centurion's stainless steel ergonomically designed comfort grip handrails have an elliptical shape to provide superior comfort and safety.

▶ BLING BLING PACKAGE

The Bling Bling Package includes polished steering wheel/cap, shifter knob, pylon cap, gunwale steps, interior logo plates, horn cover, and walk thru steps. This package is definitely the "icing on the cake"!

▶ PULL-OUT CLEAT

Different by design down to the smallest details. Custom pull-out cleats sport the Centurion logo. The stainless steel docking and mooring cleats have a pop-up feature that allows for a flush fit against the hull to avoid accidental snagging.

▶ MB QUART STEREO REMOTE

Pump up the jams with the large, easy-to-read backlit LCD. This remote controls the radio and iPod that are safely housed in your glove box. The waterproof IPX7 construction, black chrome trim, and salt/UV resistance make it ready for all weather conditions.

▶ DOCKING LIGHTS

There are no worries when you have had your boat out after sundown. Enjoy those long days on the lake or river. Centurion's powerful bow mounted lights make docking your boat a breeze.

ELITE V C4
Shown with the Double Up Tower

Go to www.centurionboats.com to see a complete listing of all features and options.

ENZO SV230

Shown with the Gladiator Tower

FEATURES & OPTIONS

TOWER LIGHTS

Six or four - 55 watt adjustable spot lights. Special offset clamps position your lights perfectly between multiple speakers. Halogen lights offer the best performance and quality available.

SNAP-OUT CARPET

Centurion's Snap-Out carpet is fully removable and allows for easy cleaning. This feature will add longevity to your boat's interior

EASY RIDER DRIVER'S SEAT

The Easy Rider Seat comes standard on all models (except WAVE). This seat is styled with an upgraded flip-up bolster giving you better ergonomic support. Flow through ventilation enhances the driver's comfort.

TRI-TEXTURE VINYL

Centurion's high quality Tri-Texture marine vinyl comes standard on the Enzo SV240 and SV230, giving each watercraft a touch of class. Head to Centurion's website and check out the new boat builder. You will find endless combinations of interior and exterior colors to customize your dream boat.

ENZO S3 REAR SEAT

The S3 Rear Seat, available only on Enzos, is standard equipment and is located behind the driver's seat and provides a comfortable back rest for the spotter or additional water sport spectators. Easily removable when not in use.

TOWER BIMINI OPTIONS

The Bimini Tops are designed to mount as an integrated unit with either the Double Up or Gladiator tower, providing shade and comfort. Easy to pull down or put up, giving you the flexibility to handle whatever mother nature has in store for you.

RETRACTABLE TOW PYLON

The retractable pylon allows for added comfort on the sun deck when it's time to stow the ropes and relax. Standard on the Enzo SV240 and SV230, and optional on other select V-Drive models.

BENNETT TRIM TAB

Bennett Trim Tab allows the fine tuning of the boats' attitude in the water using hydraulics. The "on the fly" upward or downward deployment changes the shape of the wake for various activities.

GEL COATS & GRAPHICS

At Centurion we take the liberty of designing the standard features of our boat to be second to none. We have developed a beautiful line of gel coats and graphics to ensure that your first impression is a lasting impression. Be it elegant or extreme and edgy — we leave that decision up to you. Centurion offers an array of 16 vibrant gel coat colors and 10 metal flake accents that are added in the mold by skilled craftsmen. Our graphics will get looks on the lake, even from those who have to admire from afar.

Our timeless designs will provide a lifetime of style. We guarantee it.
